AHMED MUJTABA

STUDENT

PROFILE

I am Ahmed Mujtaba, an undergraduate BS Software Engineering 7th Semester student at Capital University of Science & Technology, Islamabad(Pakistan), proficient in Front-End Development. I excel in both academics and extracurriculars, with strong analytical and teamwork skills. I am eager to apply my knowledge and experience in a dynamic and innovative environment.
Leadership: Vice President IEEE CUST Student Branch 2025-2026.

OBJECTIVE

As a highly motivated and detail-oriented undergraduate student, I possess strong analytical skills and a knack for creative problem-solving. With a deep interest in web development, I am eager to leverage my skills in a dynamic and challenging environment that fosters growth and innovation.

PROJECTS

Pharmacy Store January , 2024

Object Oriented Programming

- Designed and implemented a pharmacy store system allowing users to add medicines, display available stock, and calculate total costs.
- Technologies Used: C++ (OOP Concepts), UML

MindConnect December, 2024

Software Requirement Engineering

- A mental health support system integrated within a social media.
- Focused on requirements engineering, Use Case Models, and System Sequence Diagrams using UML notations.

Student Attendance & Result Portal December, 2025

Web Engineering

- It is a fully functional Portal designed to manage result/attendance in an organized and user-friendly way. It includes three separate dashboards—Admin, Teacher, and Student—each offering features based on their roles
- Hosted online
- Technologies Used: HTML, CSS, Javascript, CSHTML, PHP, MySQL

CERTIFICATION

Microsoft Front-end Developer

Demonstrates proficiency in HTML, CSS, JavaScript, C#, and responsive web development through Microsoft's professional certification program.
